ABOUT

I am an open-minded and ambitious individual who strives for greatness. My creativity and passion carry through to my work even in a fast-paced environment. I work well with others, but can also balance myself when working individually.

EXPERIENCE

Universal Studios Orlando

IT Solutions Delivery Intern (Jan 2016 - June 2016)
- Worked alongside Sr. developers analyzing code (C++, .NET)
- Used the Agile methodology to work in a team environment
- Worked with e-commerce on a complex project
- Worked hands-on with advanced tools such as SDL Tridion, BitBucket, and Gigya

Th!nk Agency

Jr. UI Developer (July 2016 - Present)
- Client side implementation of web pages and applications for client sites and tools from mockup.
- Often wore different hats to acheive a goal
- Created UI solutions based on client feedback
- Wrote API documentation
